If valid mandatory repurchase instructions made pursuant to the Mandatory Repurchase Offer for Bonds representing an aggregate nominal amount which is greater than the Transaction Cap, the Issuer is only required to accept Bonds up to the Transaction Cap for purchase on a *pro rata* basis and in accordance with the principles described below.

Secondly, the Issuer will accept all other mandatory repurchase instructions of Bonds with a total nominal amount exceeding the Minimum Denomination. Finally, should mandatory repurchase instructions of Bonds representing an aggregate amount exceeding the Transaction Cap be made, Bonds will be accepted for purchase

by the Issuer in proportion to the total number of bonds accepted to be repurchased in the Mandatory Repurchase until (i) all valid mandatory repurchase instructions have been accepted or (ii) valid mandatory repurchase instructions of an aggregate amount corresponding to the total Repurchase Amount have been accepted. The accepted mandatory repurchase instructions of Bonds will be rounded to a multiple corresponding the Minimum Denomination and any scaling made by the Issuer is binding on all Bondholders who validly tendered their Bonds.
